

GIRL MALTREATED AND THEN POISONED

Dr. Oliver Hart of Chicago in
Custody of Police Pending
Further Investigation.

MAY BE CHARGED WITH MURDER

Irene Klokow Was Found in His Room
Unconscious and Evidently Dying—
Had Been a Struggle.

Chicago, Oct. 6.—Dr. Oliver Hart, aged 39 years, a physician residing in the suburb of Rogers Park, is in the custody of the police pending further investigation of the death of Irene Klokow, 19 years of age, which occurred yesterday in the residence of the physician. It is the opinion of the police that a charge of murder will be lodged against Dr. Hart, and that he will have much trouble to escape conviction.

The girl died in a bedroom of the Hart residence in which she and the physician had been locked for several hours. It is the opinion of the authorities, based on the facts disclosed at the inquiry held today, that the girl was maltreated and then poisoned in an attempt to conceal the crime.

After finding that it was impossible for the child to recover, the physician swallowed morphine and lay in an unconscious condition all of last night and during the greater part of today. Late this afternoon he partially recovered and was brought to the city and locked up in the East Chicago avenue police station.

The girl was taken about a year since from the Illinois industrial home for girls by Dr. Hart and his wife, who desired a girl who could serve in a measure as companion for Mrs. Hart, who is but 17 years of age, and at the same time do light work about the house. Yesterday two sisters of Irene Klokow called at the Hart residence, and in company with Mrs. Hart went on a shopping expedition to the city. Irene complained of a headache and was left alone in the house with the physician. What happened in the house is not known exactly, but the first intimation that anything was wrong was a telephone message sent by Dr. Hart to a neighbor, Mrs. Richard Cortis.

Dr. Hart told the woman to summon help at once, as he was dying. Mrs. Cortis ran over to a physician and then ran over to the Hart residence. She let her little daughter climb through a cellar window and unlock the front door so she could get into the house. After entering she called to Dr. Hart and he shouted from the floor above:

"Here I am. You will have to break through another door."

Mrs. Cortis threw her weight against the bedroom door and broke it open. The Klokow girl was lying on the bed partially dressed, her hair disarranged and much of it torn from her head, and the room showed evidences of a desperate struggle.

The girl was unconscious, and evidently dying, and Dr. Hart informed Mrs. Cortis that she had swallowed morphine pills after he had given her some medicine. Dr. Hart went into an adjoining room and swallowed a large quantity of morphine.

The efforts of Dr. Hulsterson, a physician who had been called, to revive the girl were unavailing, and she died in a short time. Dr. Hart was given some restoratives and Dr. Hulsterson labored over him for several hours before being convinced that he would ultimately recover.

A detail of police officers was placed at Dr. Hart's bedside, and he was practically under arrest until late this afternoon, when the coroner's inquiry over the body of the Klokow girl was adjourned. Dr. Hart, who was then in almost normal condition, was formally taken into custody.

The inquiry, which brought out no facts other than those stated above, was adjourned until next Tuesday, at which the coroner's physician, who has made an examination of the body of Irene Klokow, will present his report. The police, however, declare they will not have the slightest difficulty in proving by circumstantial evidence that Dr. Hart gave the morphine to the girl and is responsible for her death.

Dr. Hart has resided in Chicago but a short time, and is the son of a millionaire residing in St. Louis, who has sent him regularly an allowance of money which has supported him and his wife, as he had no practice in his profession. He is said to be addicted to the use of morphine. Mrs. Hart was before her marriage Vera Kriegsmann, the daughter of an official in the St. Louis postoffice. They were married when Mrs. Hart was but 16 years old.

AN INSANE PAROLE.

Nathaniel Melvin Shoots His Wife
And Daughter.

Vallejo, Cal., Oct. 6.—Nathaniel Melvin, who six months ago was paroled from the Napa insane asylum at the solicitation of his relatives, today shot his wife and daughter, Mrs. P. A. Radcliffe, wife of the boatwain of the naval transport Solace, because they refused to come into the house when he asked them to do so. Mrs. Radcliffe may recover, but Mrs. Melvin is expected to die.

Melvin was returned to the hospital this afternoon.

COUNSEL HUGHES NAMED FOR MAYOR

New York Republicans Nominate
The Man Who Has Uncovered
The Insurance scandal.

CONVENTION WILD OVER HIM

Cheering, Band Playing "Hail to the
Chief" and "Star Spangled
Banner."

New York, Oct. 6.—Charles E. Hughes, principal counsel of the committee of the legislature to investigate the insurance affairs, was tonight unanimously nominated as candidate for mayor of New York by the Republican city convention in Carnegie hall. The other nominations were: Richard Strong, Brooklyn, for comptroller, and James T. Wells of the Bronx, for president of the board of aldermen.

Former Lieut.-Gov. Timothy L. Woodruff was chosen temporary chairman of the convention. Senator Page read the platform, which embraced a denunciation of the Democratic municipal administration, an affirmation of the principle of non-partisanship in municipal affairs, a demand for the passage of a bill at the next session of the legislature for legislation to insure life insurance policyholders, a more rigid scrutinizing of life insurance companies, the control of future subways by the municipality, and the establishment of a municipal lighting plant.

Senator Elsborg, in placing Mr. Hughes in nomination, said:

"I say that in presenting to this convention the suggestion I am about to make we must have no thought that the man whom I shall name will give his time to the work of the campaign. We shall ask no time from him. We believe the most eloquent campaign address that he can make are the questions he is daily putting to the witnesses before him. We insist that whatever the action we may take tonight it shall not deter him from relentlessly pursuing every evil-doer, high or low, Republican or Democrat."

"It's Hughes! It's Hughes!" the delegates shouted, and then for fully two minutes the convention became wildly enthusiastic. Similar demonstrations

greeted the formal nomination of Mr. Hughes by Mr. Elsborg and the band played "Hail to the Chief" and "The Star Spangled Banner."

On motion of Herbert Parsons, the vote he made unanimous. The secretary cast a single vote for Charles E. Hughes.

Mr. Hughes was asked later if he had any statement of his position to make for publication.

"There is nothing just now," he said. Richard Strong of Brooklyn, who was nominated for comptroller, said tonight at his home that he would not be a candidate.

HUGHES MAY NOT ACCEPT.

New York, Oct. 7.—The committee sent to confer with Charles E. Hughes, examining counsel for the legislative insurance investigating committee and who was nominated for mayor by the Republican city convention last night, left Mr. Hughes' home early this morning. The committee, headed by Timothy L. Woodruff, would not discuss their conference with the nominee.

Later Mr. Hughes summoned the waiting newspapermen and said: "I have given no encouragement to the sub-committee and I am strongly convinced that I ought not to accept the nomination. I will say nothing further. I have given you all the information I have given you. I am told that notification will be on Monday."

Canadian Tariff Commission.

Victoria, B. C., Oct. 6.—The tariff commission consisting of the Canadian finance minister, Hon. Mr. Fielding and Hon. Messrs. Patterson and Broderick, arrived in this city today. A large number of witnesses were examined and various requests heard, including that of shipbuilders for a bonus of \$10 a ton and ironworkers for a bonus, maximum for rebates on crude material used in the various branches, etc. Today Mr. Stockett, manager of the Western Fuel company asked that a duty be placed on crude oil as the importation interfered with the coal trade. He said the California coal trade had fallen off 50 per cent because of the increasing use of oil.

Joseph Shaw, representing Vancouver island farmers, asked that agricultural machinery be admitted from the United States duty free as he said agricultural machinery could be purchased for one-third less cost in the United States.

Bank for Switzerland.

Berne, Switzerland, Oct. 6.—The federal council has approved the establishment of a central bank of issue for Switzerland.

"77" Dr. Humphreys' Seventy-Seven breaks up Grip and COLDS

The easy time to stop a cold is at the start. Sometimes a cold flows at the throat; again it seizes the chest or more often it rushes to the head. You know how you are first affected and if next time you will observe closely you will notice before any of these symptoms that feeling of lassitude or weakness that almost invariably precedes the breaking out of a cold. If you are alert enough to recognize this condition, it is an easy matter to stop the cold with a few doses of Dr. Humphreys' Seventy-seven but you must keep it handy. Later on it is a sure cure but it's slower. At Druggists, 25c. or mailed. Write for Medical Book sent free. Humphreys' Homeo. Medicine Co., 707 William and John Streets, New York.

NEVADA SUSPENDS ACTION IN N. Y. LIFE INSURANCE CASE

Carson, Nev., Oct. 6.—The state board of revenue met today at the capitol to take action on the request of Messrs. Hayes and Harris, agents of the New York Life Insurance company, to postpone final action relative to revoking the license of the company in Nevada.

The request of the representatives of the company was that the state postpone final action upon the case until the company had a chance to make its defense before the investigating committee in New York. They did not ask any revocation of the action of the comptroller, but a suspension of final action.

Gov. Sparks, in addressing the representatives of the company, stated that he fully endorsed the act of the commissioner of insurance. It had been urged that many agents throughout the state would feel the hardship of the revocation of the company's license, and the state desired to do nothing unfair with anybody and he considered the request to postpone final action until after the committee's report was a reasonable one.

Atty.-Gen. Sweeney maintained that a clear case of the misuse of funds had been proven by the company's own admission of having contributed money to political committees. He was willing to await the action of the investigating committee.

Comptroller Davis said he was willing to abide by the judgment of the board, and agreed to take no final action until after the final action in New York. The

German African Possessions.

Berlin, Oct. 6.—The German Colonial congress today resolved to petition Prince von Buelow, the imperial chancellor, to take steps for the more rapid establishment of order in German Southwest Africa and German East Africa, by building a railway from Landerscheid to Kibub and constructing an efficient landing pier at Schwakopmund, also by carrying the Tanga railway of East Africa further into the interior and building a landing pier at Tanga.

Another resolution adopted provides for a permanent military settlement in
